

TasTAFE Government Card Expenses and Expense Claims Made by TasTAFE Executives 1 July 2017 to 30 June 2019

To ensure the efficient procurement and payment of goods for TasTAFE business operations, senior executives are issued with a Government credit card. Credit cards represent a type of payment method and are not a duplication of expenditure. For every transaction made on a Government credit card there is a relevant credit card slip and tax invoice held by TasTAFE. All credit card users, executive and non-executive, are expected to abide strictly by rules governing the use of Government credit cards applicable to all Government employees.

The expenditure below includes all Government credit card payments by senior executives of TasTAFE, as well as claims for reimbursement by those same officers for the date range specified.

Position	Period	Catering	Stationery & office consumables	Telecommunications usage & equipment purchased	Travel & accommodation	Other	Total
