Work Health and Safety (WHS) is about ensuring healthy, safe and productive working lives.

This is a 5 day course approved by the regulator that HSRs are entitled to attend under the WHS Act. It provides the skills, knowledge and training to enable HSRs to perform their functions and powers. Participants develop a working knowledge of WHS legislation through training, activities and scenarios. They gain a practical understanding of the duty holders, their rights and responsibilities, and the functions of HSRs, health and safety committees, entry permit holders and the regulator. This enables participants to contribute to building effective, compliant WHS systems, positive cultures and performance in their work group.

Participants will learn:
• The WHS risk management process to identify hazards, assess and control risks and evaluate their effectiveness
• About WHS consultation, committees, problem solving, conflict management and issue resolution
• About incident prevention, causation and investigation

Four Work Health and Safety Certificate III Units delivered are:
• Apply knowledge of WHS legislation in the workplace (BSBWH302)
• Participate in WHS hazard identification, risk assessment and risk control (BSBWH303)
• Participate effectively in WHS communication and consultation processes (BSBWH304)
• Contribute to WHS issue resolution (BSBWH305)

Outcome: Either a Statement of Attendance, or 4 Statements of Attainments with a workplace project

Prerequisites: You must be employed or have access to an organisation to conduct an on-the-job project

Location: At your workplace or at the Clarence, Launceston and Burnie campuses

Cost: $1,008 per person

Duration: 5 days

Dates and times:

CAMPBELL ST  13, 14, 19, 20 & 21 March 2018
              12, 13, 25, 26 & 27 June 2018
              13, 14, 15, 28 & 29 August 2018
              15, 16, 17, 30 & 31 October 2018
